FOREWORDS

Prof. Alexander Schieffer & Dr Rama Mani

Co-Founders Home for Humanity Movement; Co-Initiators One Home Journey

“As the world we know rapidly unravels, a new era is struggling to emerge. In this unsettling interregnum, people worldwide are choosing to be the architects of the future rather than its victims. They’re co-creating initiatives that foster peace and wellbeing for themselves, their communities, their countries, and the planet, drawing on the wisdom of their elders. These grassroot enterprises, which we call “Homes for Humanity,” are thriving globally. Inspired by this momentum, Rama and Alexander have embarked on a seven year planetary journey dedicated to uncovering, celebrating, and networking these beacons of hope. What follows is the harvest of the first year of their journey. May their story inspire you to join the movement.”

Dr. Youssef Mahmoud

*Co-Chair, Home for Humanity Movement; Former United Nations, Under Secretary-General
Tunisia*

Season Three - Americas

Season Four - Mediterranean

EXECUTIVE SUMMARY

Part I: Scope and Impact of Year 1

WHAT: The One Home Journey 2024-2030 is a 7-year journey reaching out to every country on Earth:

- to support and connect Earth Citizens and their initiatives, across all borders - to care for the Earth and for each other, and
- to draw on the cultural wealth, Indigenous wisdom and local innovations of all countries to jointly shape a future of planetary peace and wellbeing for all.

WHY: Life on Earth is in danger.

But the greatest danger is to despair that there is nothing we can do. Everywhere, humanity is rising to take the journey from devastation and division to regeneration and unity - as the first year of the One Home Journey shows.

HOW: The One Home Journey focused on 3 levels of “Home” based Activities:

1. Inner Home

- Attuning to the regenerative Power of Nature: at
- Heeding Indigenous Knowledge Holders and Perennial Wisdom Keepers
 - **Impact: 25 Indigenous Elders’ wisdom messages for our future**
- Witnessing the Dreams of 7 Year Olds for 7 Generations
 - **Impact: 930 Children as emerging Earth Citizens: painting, voicing and seeding future dreams**

2. Recognizing and Catalysing Local Homes for Humanity:

- Living with and learning from exemplary Homes for Humanity
- Engaging with Paradigm-shifting organisations and initiatives and recognising them as Homes for Humanity
 - **Impact: 40 new Homes for Humanity: local organisations recognised for their contribution and personal, local and planetary impact.**
- Catalysing Future Builders participating in the One Home UnivEARTHsity and supporting Youth for the Future and “Women for the Earth” Fellows
 - **Impact: 1 415 in Inter-generational Earth Citizens Quests:**
 - **970 youth & 445 women**

3. Co-Creating Earth Home

- Co-convening an Earth Agora of local Earth Citizens to harvest their visions, initiatives and commitments to co-create Home on Earth in their communities, country and the world, including Earth Artists, Unity Gardens, and a Culminating Earth Family Call
 - **Impact: 26 Unity Gardens: planted in 20 countries, with over 7 000 participants**
 - **Impact: Over 11 000 Earth Citizens: participated across all 20 countries**

EXECUTIVE SUMMARY

Part I: Scope and Impact of Year 1

WHAT WE FOUND: in Year 1, April 2024 to August 2025

The Co-Founders of Home for Humanity lived and worked “home to home”, learning from and supporting diverse communities - from urban slums to Indigenous villages, refugee camps to ecovillages, universities to enterprises.

Alongside the unique wisdom and innovations of each culture, most striking were: **7 Findings in common, expressed widely across all 20 countries in Year 1:**

-  **Care for the Earth:** instinctive love and care for our one home, across all ages
 -  **Belonging:** “we are all connected” as a family of life on Earth
 -  **Hospitality & Generosity:** pride in welcoming strangers, gifting and sharing
 -  **Healing:** transcending trauma by ensuring “no one else suffers what I/we faced”
 -  **Agency & Responsibility:** taking initiative despite all odds, not awaiting help
 -  **Co-creating:** new initiatives of inclusion v/s fighting old divisive systems
- All Humanity, all Life, and our One Earth are treasures to be cherished**

Key Finding: EARTH CITIZENS RISE

Above all, Year 1 of the One Home Journey showed that **people everywhere:**

- **feel a sense of belonging** to an interdependent family of life on Earth;
- **express the urgency for humanity to come together**, in these times of great peril and great possibility, to care, as Earth Citizens for the Earth and each other;
- **are excited to connect, co-learn and co-create in a common platform** where all their local wisdom, experiences and innovations contribute to a shared future of planetary peace and wellbeing for all life.

In Summary: **“EARTH CITIZENS”** are rising everywhere on Earth, across generations, cultures and backgrounds. They are responding to local and planetary crises not by protesting or passively awaiting outside help, but by taking initiative and collective responsibility.

EARTH CITIZENS describes all the diverse individuals who take care simultaneously:

- **of the Earth**, our shared home, and the diverse family of life;
- **of each other**, in their local communities and across all cultures;
- **of themselves**, by fulfilling their purpose and living lives of service, guided by their values.

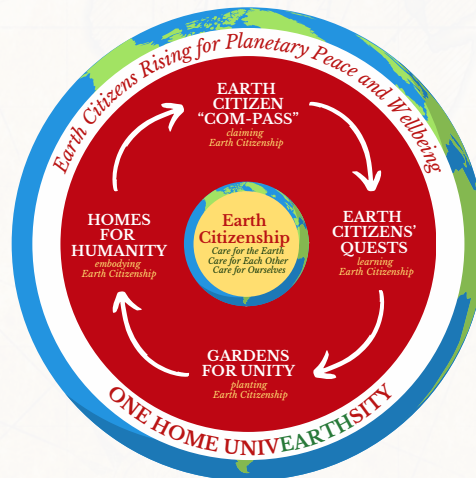

EXECUTIVE SUMMARY

Part II: Provisional Outlook for 2026-2030

Towards Earth Citizenship for Planetary Peace and Wellbeing

Based on these findings from Year 1, we envision, for 2026 to 2030, a full focus of the One Home Journey on **EARTH CITIZENSHIP for Planetary Peace and Wellbeing for all life on Our One Home, Earth**. Our main programme areas might include:

- **Homes for Humanity:** honouring and championing innovative, and courageous local initiatives that care holistically for people, community and the Earth.
- **Unity Gardens for Peace with Nature and All Cultures:** to experience and care for biological and cultural diversity, and the interconnectedness of all life.
- **Earth Citizens' Quests:** Inter-generational, experiential, life-based 3-day learning journeys, and a Children's Quest to paint dreams and plant gardens (1/2 day).
- **The One Home UnivEARTHsity:** co-creating as Earth Citizens a free, common platform for the collective learnings of the Journey, across all countries.
- **Transformative Public Performances, Films & Books:** sharing the unfolding story of humanity's journey for our One Home Earth, to engage & inspire action.

ENVISIONED IMPACT BY 2030 - across all countries on Earth

- **200 Homes for Humanity:** one “lead” in every country “spreading the spark”
- **600 Unity Gardens:** at least 3 Unity Gardens in every country
- **20 000 in Inter-generational Earth Citizens Quests:** at least one per country
- **10 000 Children's Earth Citizens' Quests:** at least one school per country
- **>One Million Earth Citizens reached:** through all activities, plus performances, films and books
- **One Home UnivEARTHsity:** built up & freely available, uniting **community** (all Earth Citizens), **campuses** (all Homes for Humanity), and **content** (all countries)

OVERVIEW: THE ONE HOME JOURNEY IN PILOT YEAR 1

The First Pilot Year: 20 Countries Covered

HOME GROUND: Rural France

PILOT SEASON

- 1- Egypt
2-Bhutan

SEASON ONE: AFRICA

- 3- Zimbabwe
- 4- South Africa
- 5- Lesotho
- 6- Tanzania
- 7- Uganda
- 8- Kenya

SEASON THREE: AMERICAS

- 15- Mexico
- 16- USA
- 17- Brazil

SEASON TWO: ASIA/OCEANIA

- 9- Sri Lanka
- 10- India
- 11- Nepal
- 12- Aotearoa/New Zealand
- 13- Australia
- 14- Japan

SEASON FOUR: MEDITERRANEAN, ARAB WORLD & EUROPE

- 18- Morocco
19- France
20- Turkey

OVERVIEW: IMPACT PILOT YEAR 1

Combined Impact on a Glance

In Our One Home Journey's first year – working with Homes for Humanity and local and Indigenous communities across 20 countries, and in collaboration with our planetary partners in civil society, we made significant strides towards our shared goal of co-creating an inclusive and regenerative future for all of life on Earth.

Our collective impact and achievements are:

- **20 COUNTRIES** across **5 WORLD REGIONS**
- **10,975 PEOPLE** of all ages and backgrounds directly participated
- **930 CHILDREN** voiced and painted their dreams for our shared future on Earth
- **1,415 - Individuals Catalysed as Earth Citizens in Total: Youth and Women** from marginalized contexts supported to become future-builders.
- **40 OUTSTANDING LOCAL ORGANISATIONS** championed and honoured with the **HOME FOR HUMANITY AWARD** for their contribution to a regenerative future.
- **26 UNITY GARDENS** representing peace, harmony, and unity with nature and between all cultures jointly planted in 19 countries with over 7,000 participants to accelerate participatory eco-system restoration, food security, and further SDGs.
- **25 INDIGENOUS ELDERS** shared their wisdom on living in harmony with all life on Earth. 28 Indigenous communities and/or families hosted us and shared their way of life.
- **15 EARTH AGORAS** hosted online to connect local and planetary future-builders

*The Dreams of 7+ Year-Olds for 7 Generations
is a planetary Initiative on the One Home Journey to showcase the future
desired by children from diverse contexts, across all countries, and continents.
The children's voices and visions are a profound inspiration to reimagine our shared future
and a poignant call to action to transform our divided world and endangered planet
into an inclusive and regenerative Home for all children on Earth*

7+ Year Olds' Dreams for 7 Generations

IMPACT

930 CHILDREN

from 14 inspiring and innovative children's organisations and schools
interacted with the One Home Journey, experienced and expressed their emerging 'Earth
Citizenship' and their concern and care for the Earth.

They then painted their dreams for our shared future on Earth, and expressed them poignantly.

"My dream for the future is to make people happy and safe."

Sanele (age 7), Makers' Valley, Bertram Township, Johannesburg,
South Africa

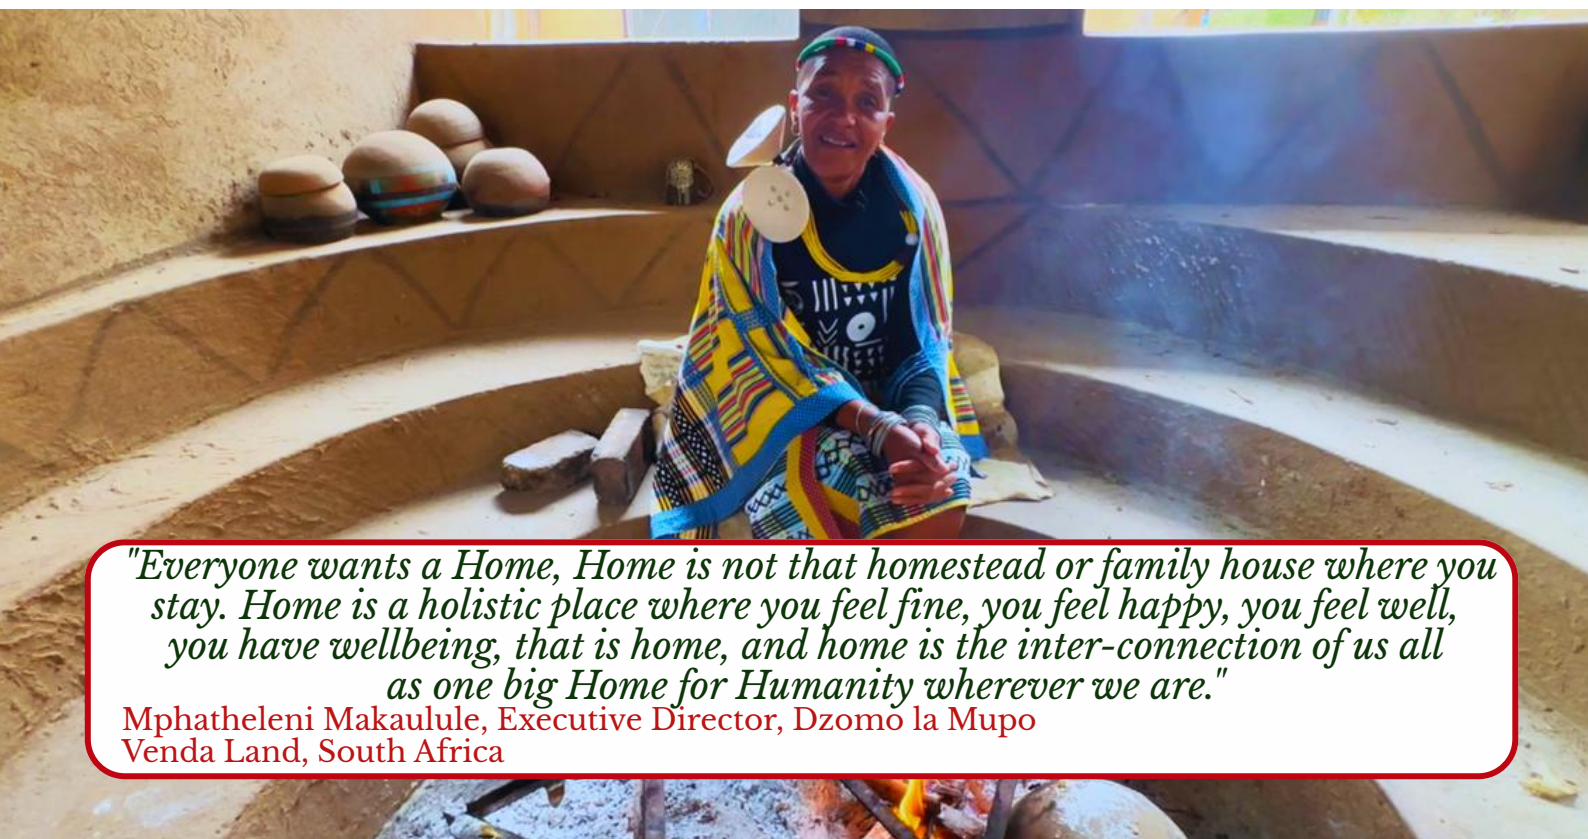

As the One Home Journey traveled across world regions, the co-founders met and spent deep time receiving the wisdom of Indigenous Elders on how to live in harmony with all life on Earth.

They immersed themselves in and/or stayed with Indigenous communities and engaged with their Indigenous Leaders, Traditional Healers, and Wisdom Keepers across countries, who shared how they are reviving and preserving their Ancestral wisdom for future generations.

Indigenous Communities and Leaders

IMPACT

- 25 Indigenous Elders shared their wisdom on living in harmony with all life on Earth.
- 28 Indigenous communities and/or families hosted us in their homes and shared their way of life.

"Everyone wants a Home, Home is not that homestead or family house where you stay. Home is a holistic place where you feel fine, you feel happy, you feel well, you have wellbeing, that is home, and home is the inter-connection of us all as one big Home for Humanity wherever we are."

**Mphatheleni Makaulule, Executive Director, Dzomo la Mupo

With Indigenous Guide: Adel Amzel; and
Project Partners: Yassine & Salim El Khatib,
Morocco*

Tilimazene, Ourika Valley, High Atlas Mountains, Morocco

The One Home Journey recognized inspiring initiatives, communities and organisations on all continents for their innovative contributions to personal, local and planetary regeneration - and honoured them with the Home for Humanity award. They were introduced into the planetary Homes for Humanity community of visionary organisations and pioneering changemakers. Each Home for Humanity is a place for inclusion, belonging, innovation and transformation. Rooted in local context and culture, a Home for Humanity simultaneously activates the three levels of home: Inner Home, Local Home and Earth Home. As part of the planetary community, every Home for Humanity strengthens its global reach, co-creates with others, becomes part of the One Home UnivEARTHsity, and grows through mutual support.

Homes for Humanity Laureates

Outstanding Organisations Honoured on Our One Home Journey

2024-2030: 7 Years for 7 Generations

IMPACT

- 40 Outstanding Local Organisations were championed and honoured with the HOME FOR HUMANITY AWARD for their contribution to a regenerative future, and their holistic personal, local and planetary impact.
- A Youtube Playlist was set up, featuring short videos on these Homes for Humanity, to inspire and guide aspiring changemakers worldwide.
- 2 New Webpages were created to share their innovation and to support local and global co-creations between Homes for Humanity.

Homes for Humanity
Laureates
Outstanding Organizations Honoured in Our One Home Journey

*All our homes have the potential to become launchpads for human, ecological, cultural, and economic renewal, especially in this time of global emergency.
As Homes for Humanity, connecting across continents, transcending borders and ideologies, we can jointly lay the foundation for an inclusive earth civilization.*

Foundational Homes for Humanity

In many countries of year 1, Our One Home Journey supported women and youth and offered catalytic workshops to strengthen their agency to step up as future builders and Earth Citizens in their own communities and societies, engaging in transformative enterprises and initiatives and regenerative local economies. We focussed in particular on youth from marginalised contexts and women who have emerged from violence, oppression, crisis and marginalisation, and/or who have had the courage to transform their lives, and go against the mainstream to pursue their inner calling and serve their local and planetary community.

IMPACT

- 1,415 YOUTH and WOMEN from marginalized contexts were supported in transformative workshops to become future-builders

Unity Gardens are a Planetary Participatory Initiative on the One Home Journey 2024-2030: 7 Years for 7 Generations initiated by the Home for Humanity Movement for Planetary Regeneration. The aim is to create Unity Gardens in every country on Earth to foster unity and peace: within us, between us and with all life on Earth. In every Unity Garden, local plants or trees are planted to represent every country on Earth, and to appreciate the unique values and gifts each of our diverse cultures contributes to our common future. In the first pilot year n of the One Home Journey, diverse communities came together in each country to jointly initiate Unity Gardens. These were joyful occasions marked by 'earth citizenship', intergenerational participation, social cohesion and inter-cultural unity.

Unity Gardens

IMPACT

- **26 UNITY GARDENS** representing peace, harmony, and unity with nature and between all cultures jointly planted in 20 countries with over 7,000 participants to accelerate participatory eco-system restoration, food security, and further SDGs.

Planting of the tree for the Central African Republic at the first Unity Garden, Home for Humanity, France

UNITY GARDEN LOCATIONS

As the One Home Journey 2024-2030 unfolds, Unity Gardens will spread around the Earth

*Write to us and find out more about Unity Gardens
and how you can get engaged in this planetary initiative!*

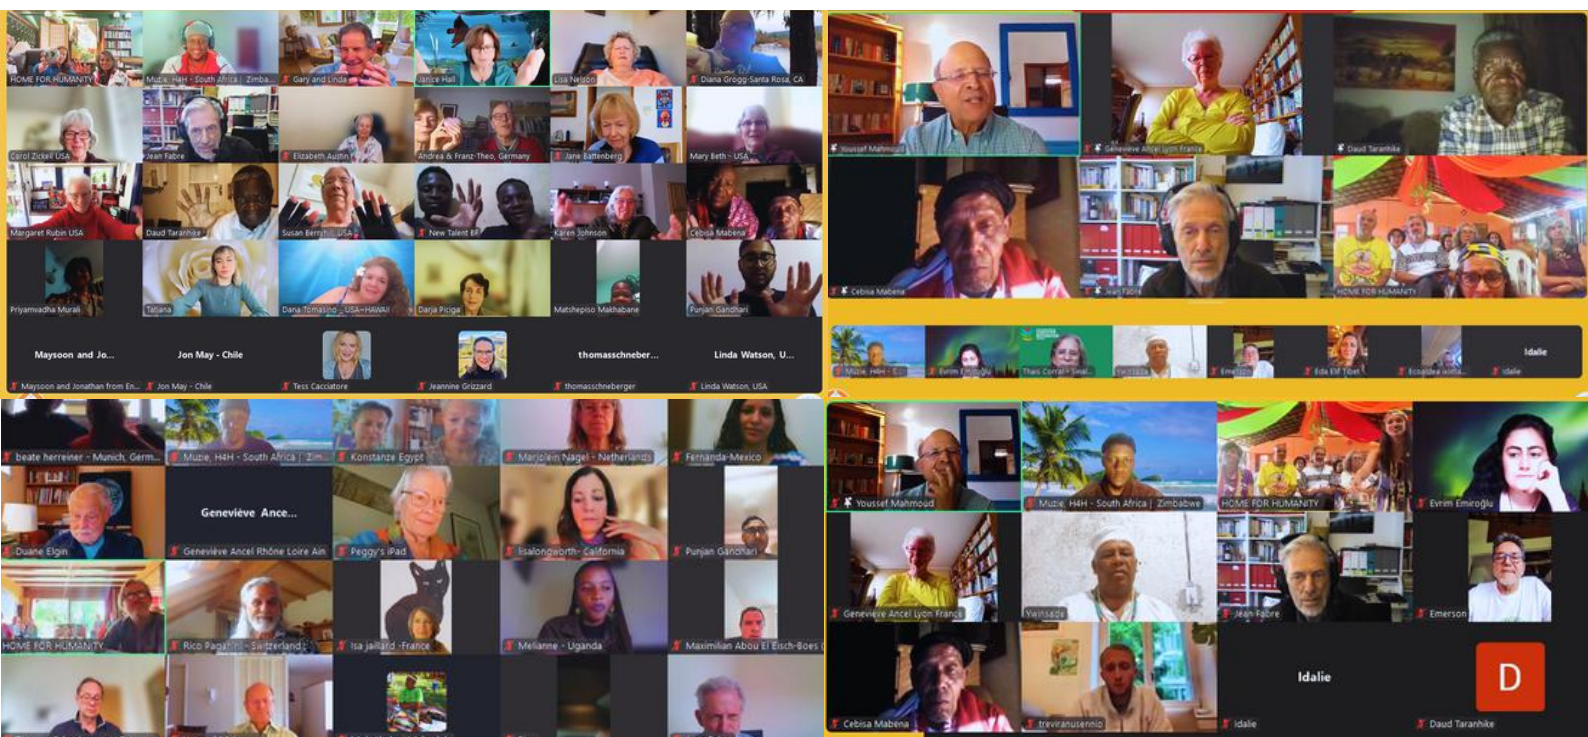

- *The One Home Journey co-convened Earth Agoras of local Earth Citizens - almost one in every country - to harvest their visions, initiatives and commitments to co-create Home on Earth in their communities, country and the world.
This culminated with an onsite-online Earth Family Call connecting local and global Earth Citizens, to share and exchange wisdom and innovations.*

IMPACT

- **15 EARTH AGORAS** hosted online to connect local and planetary future-builders for the purpose of combining transformative potential: where local wisdom meets global solidarity. Earth Agoras are catalysts for collaboration and co-creation.

Earth Family Calls were powerful culminations of such local Earth Agoras, allowing Earth Citizens worldwide to engage with local social innovation and real-life practice cases - enabling the global community to co-learn and grow.

WELLINGTON PEACE WALK,
organized by Alyn Ware,
World Future Council. Aotearoa-NZ

On the One Home Journey we sought to spotlight in each country one ecological site that is deeply revered by its people, and often is designated as a UNESCO ecopark or biosphere. We also highlighted one cultural ‘gift’, a core cultural value or ancestral wisdom that was widely cherished and practised by people which is a gift of that culture and country for our collective wellbeing on Earth,

SHARING THE GIFT OF NATURE AND CULTURE

IMPACT

- Each Country's Sacred Landscape and Living-Wisdom becomes a thread in our fabric of shared stories, a weaved mosaic of co-creation with Our One Home Earth.

CO-CREATING EARTH HOME- ACTIVITIES

Transformances to showcase Cultural Wealth of our Earth Home

In a number of countries covered in the first year,, the findings of the One Home Journey were presented in Public Transformances - transformative performances combining film, storytelling, poetry, images and tissues, and interactive dialogue, to jointly experience Earth Family and to inspire shared action. In these highly interactive transformances, participants learned about the unique gifts and values “collected” in each country, that serve as seeds for our shared future on Earth

IMPACT

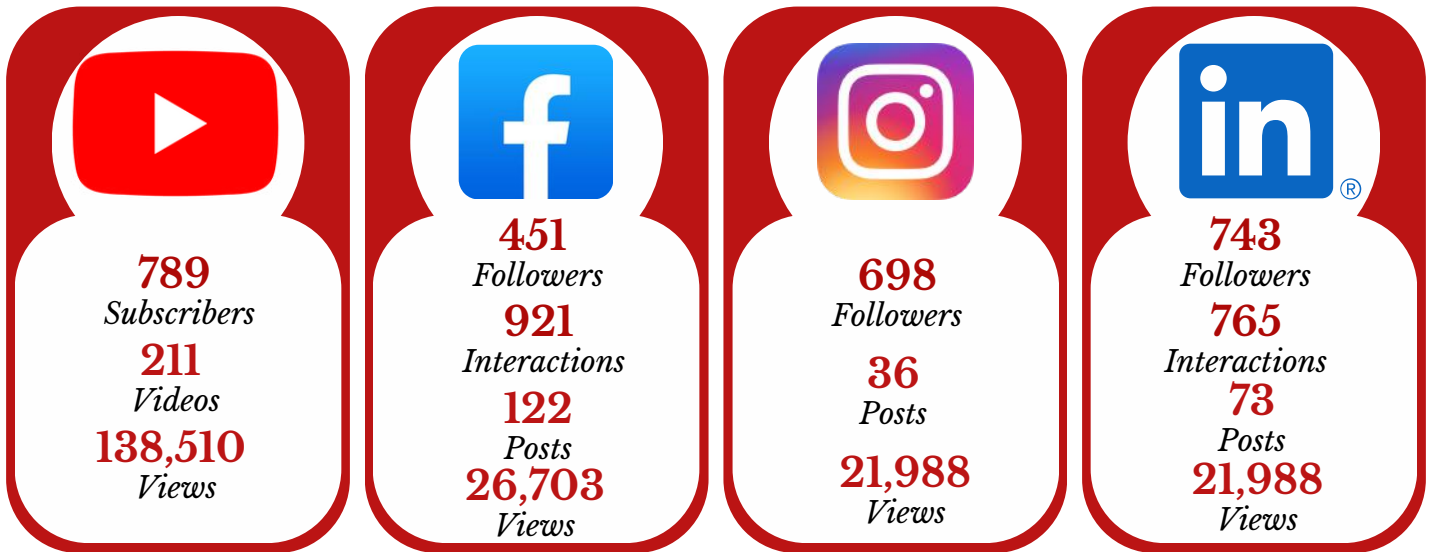

- Public Transformances in Fuji Sanctuary, Japan; Ashland, USA, Casablanca, Morocco; Munich, Germany; Linz, Austria; and Geneva, Switzerland generated much interested and turned out to be a potent catalyst for raising awareness, mobilize Earth Citizenship, and inspire shared action

IMPACT PILOT YEAR 1 COMMUNICATION FOR INSPIRATION AND IMPACT

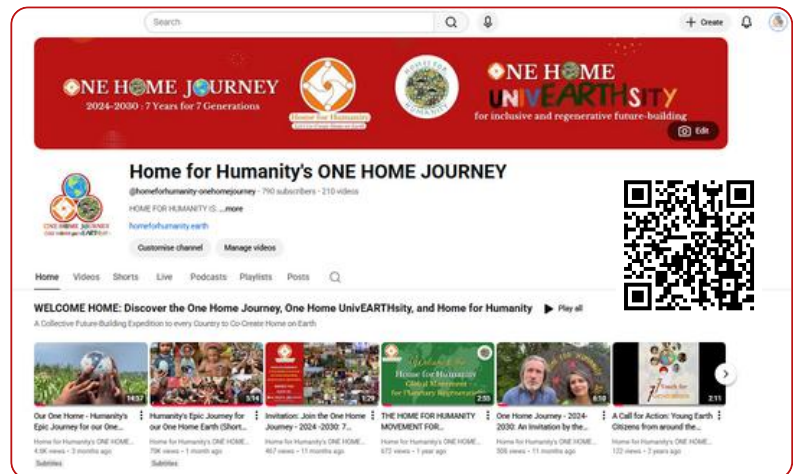

SOCIAL MEDIA

We use our social media platforms as vibrant spaces for storytelling, community building, and impact amplification. These spaces are vital for Our One Home Journey's communication

ONE HOME JOURNEY YOUTUBE CHANNEL

Our CHANNEL shares the unique experiences harvested on the One Home Journey, pulsating with purpose, we share the raw and transformative moments from around the World, each Video a heartbeat to our shared connectedness.

EARTH LETTERS

We published and disseminated 10 Earth Letters in Year 1. Our EARTH LETTERS share key experiences and learnings from the One Home Journey, creating a means of participation in this collective journey for our shared future.

International Media Coverage

The Home for Humanity movement for planetary regeneration has been featured in various international media and press outlets. Here we share the most important media coverage and our press releases.

Media:

FINANCIAL REPORT YEAR 1

2024 - 2025

The first Pilot Year of the One Home Journey was conducted with a minimal budget to enable this collective planetary undertaking to start. Initial funds ("financial gifts") received, primarily from individual well-wishers and small foundations from different countries, were supplemented by zero-interest loans of the Co-Initiators of the One Home Journey. Almost all gifts were not earmarked for specific activities on the One Home Journey, but for the overall operation. Financial Gifts Raised were "matched" with In-Kind Gifts in the ratio of about 1:10, as local hosts and supported made immense contributions to the One Home Journey through the gift of hospitality, event organisations, free venue use, and the gift of time. Overall, the first pilot year was an extraordinary validation of the gift economy model, with which the journey is "fueled"

FINANCIAL GIFTS RAISED FOR YEAR 1: EUR 68. 000

- *Entirely from Individual well-wishers and small foundations*
- *Small family foundations: EUR 50.000, EUR 5.000 (USA, Spain, Germany)*
- *Individual Wellwishers: EUR 7.000 – confirmed annually, for the 7 years of the journey (Germany); EUR 1.700 (India), EUR 365 (France)*

FINANCIAL EXPENDITURE YEAR 1: EUR 95.000

- *Difference between Gifts Raise and Expenditure: EUR 27.000*
- *financed via Zero-Interest Loan from Co-Initiators*

GIFTS-IN-KIND RECEIVED IN YEAR 1: Estimate EUR 700.000

- *our cash expenditure is matched by local time commitment, hospitality, free venue use and many other levels of local support by the factor 10, at least*
- *Cash – In Kind – Ratio = 1:10*

BUDGET FOR YEAR 2: EURO 231.000

- *Allowing for expansion of our activities on the ground, support of Homes for Humanity locally, and the built up of One Home UnivEARTHsity*

FINANCIAL GIFTS CONFIRMED FOR YEAR 2: EUR 53.200

(as per 1 November 2025)

- *Small family foundations: EUR 20.000 (USA, Spain, Germany); EURO 20.000 (Germany); EURO 2.500 (Germany)*
- *Individual Wellwishers: EUR 7.000 – confirmed annually, for the 7 years of the journey (Germany); EUR 1.700 (India); EUR 2.000 (Germany)*

THE GIFTING CULTURE *of the One Home Journey*

*This Gift Bag
has travelled to all
20 countries. It symbolises
the Gifting Culture -
as it carried gifts from one
Home for Humanity
to another, thereby
supporting, each time,
local economies.*

The One Home Journey operates as a Gifting Culture based on a Gift Economy.

The unprecedented “One Home Journey: 7 Years for 7 Generations” to every country on Earth to co-create our shared future is offered by Home for Humanity as a GIFT to humanity and to future generations.

In each country, our local partners and their communities offer us and all humanity the GIFTS of their hospitality, wisdom, knowledge and innovations.

The Co-Founders offer the gift of their time, commitment and expertise, as they travel as volunteers, ecologically and at minimal cost ‘home to home’ and country to country, on behalf of the Home for Humanity movement. They live with local communities, to learn from, champion and support diverse grassroots changemakers and wisdom keepers across generations and cultures in each country. The harvest of wisdom, innovations and practises offered by each country is gifted to humanity as a Global Knowledge Commons via the free, collectively-created One Home UnivEARTHsity.

The further expansion of our Gifting Culture is an important objective of the One Home Journey, as it unfolds into the coming years.

HOW TO JOIN AND SUPPORT THE ONE HOME JOURNEY

Become an Earth Family Member - *for Life!*

**Nominate or support aspiring Earth Citizens,
Homes for Humanity, or Unity Gardens
*in your country, or anywhere on Earth***

**Host a public Transformative Performance
*of the One Home Journey, to inspire action***

Host the One Home Journey in your Home Country

**Help build up the One Home UnivEARTHsity
as a common, co-owned platform for Earth Citizenship**

Contribute to Our Gifting Culture

*The journey is offered as a gift - thanks to our committed volunteer team,
local Homes for Humanity and partners, and contributing Earth Citizens.
Your regular financial gift makes the One Home Journey possible!*

"While we are working for peace and prosperity locally, Home for Humanity and the One Home Journey are working for peace globally, and this partnership is very important for us."

Dr. P.V. Rajagopal, Founder of Ekta Parishad, India's largest social justice movement, India

MOVING ON ... FOR 7 GENERATIONS

"The One Home Journey is doing a noble job of connecting humanity, because we have lost many of the valuable institutions of unity that remind us that we are one."

Dr. Gertrude Mongella, first President of the Pan African Parliament, Secretary-General of the 1995 UN Women's Conference in Beijing, Honorary Councillor of World Future Council, Tanzania

In these times of uncertainty, there rises up within and around us a new order of being human to create a world that works for all. This is what we call the One Home Journey.

Prof. Jean Houston, visionary Founder of Social Artistry (USA)

VOLUNTEER TEAM

Donating the Gifts of Time and Skills

OUR HUMANITY TEAM

We are proud of our diverse and gifted team who lend their passion, talents and expertise to further the mission of Home for Humanity. The Humanity team is comprised of former students, programme alumni and pioneering co-creators who feel impelled to 'give back' the inspiration and encouragement they themselves received to support their transformative journeys. Our humanity team members give the gift of their time and skills to support the programmes and functions of the One Home Journey that most correspond to and nurture their own passion and practice. In return, Home for Humanity provides them a stimulating environment to cultivate and strengthen their leadership skills, extend their global outreach and exposure, and support their life purpose through the realisation of their transformative visions and initiatives.

GRATITUDE TO OUR GIFTERS

of the One Home Journey

OUR GIFTING CULTURE

Home for Humanity and the One Home Journey nurture a culture of gifting and reciprocity. We operate as a Gift Economy.

We are grounded in the philosophy of shared abundance encoded in Nature. We aspire to function as a regenerative, supportive and inclusive family of life.

Co-Gifting

The One Home Journey and the One Home UnivEARTHsity, initiated by the Homes for Humanity movement for planetary regeneration, are collective gifts to humanity.

We invite you to "join the journey" as a CO-GIFTER, to create value for as many aspiring future-builders as possible, and to maximise our collective impact for the future of life on Earth.

Join the Gifting Culture of the **ONE HOME JOURNEY**
