

7th Earth Letter on the One Home Journey Third Season (Americas) from the USA

10 May 2025

Dear Friends and Co-Creators,

It's Birthing Time! It's Earthing Time!

Birthing Time: Happy Birthday Jean! Today, we celebrate the 88th birthday and infinite Genius of Prof. Jean Houston, our beloved friend, and revered Co-Chair of the Home for Humanity movement and Our One Home Journey. We celebrate Jean's larger-than-life contribution as the midwife of humanity's highest potential. We express, on behalf of our local-global community, our ineffable gratitude for Jean's immense inspiration and guidance to our growing movement over the past decade, and for her unshakeable faith in and support for Our One Home Journey's epic collective mission to transform our divided world into an inclusive and joyful HOME for the diverse family of life on Earth. Jean hosted us in her home in Oregon, to help us integrate the experiences of this first year, and to begin to share widely the profound wisdom and scintillating insights from the 17 countries we've covered so far. Through our intensive days together, she reinforced the transformational power of Our One Home Journey to fulfil its collective mission for humanity through these turbulent times. Jean, on your birthday, we underline your message to us all: ***Humanity's greatest task today is to step into co-creation with life itself. It's birthing time for a new humanity and a new world that works for all. This is what the world needs now!***

Earthing Time: Honouring Mother Earth and her Indigenous Wisdom: Jean hosted and guided our extraordinary Mother Earth Day celebration from her home with a planetary virtual event, where we championed the pathbreaking initiatives led by Indigenous communities, Elders, women and youth across Africa, Asia, Oceania and the Americas which have been honoured as Homes for Humanity for their contributions to regenerating our one home, Earth. We honour all the Indigenous Peoples who are coming forward to share their unique wisdom, so essential for our times, on how to overcome the crises they face, and live in reverent relationship with all forms of life. Our One Home Journey is committed to continue highlighting the knowledge and initiatives of Indigenous communities worldwide, and to be guided by their wisdom. As in every country, in the USA, we immersed ourselves in the Indigenous Knowledge of some of its First Nations people, particularly the **Lakota**, **Yurok** and **Tolowa Dee-ni'**, which we share here. ***Indigenous people teach us how to Make Earth Great Again, and find our place, as humanity, in the larger scheme of life.***

In this Birthing-Earthing Time, we are delighted to share here the gifts of Jean's genius, Native American Wisdom, Earth Artistry, Evolutionary Leaders' energies, and American-style hospitality! We welcome you wholeheartedly to continue journeying and co-creating with us, through Brazil to celebrate Cultural-Biological Diversity, and next to Morocco, in time for the Eid al Adha festival.

Our One Home Journey, for the wellbeing of our family of life on Earth, advances, together with all of you!

with warmest wishes, from Alexander & Rama, with the entire Home for Humanity Team

HOME ON EARTH

Honouring Organisations as Homes for Humanity for Promoting Unity on Earth

STAR = SERVICE TO ALL RELATIONS: *STAR School in Leupp, Arizona inspires through its educational model rooted in Indigenous Navajo Wisdom and community impact, in service of the Navajo culture and all people. Founded by Navajo Peacemaker, THOMAS WALKER, and transformative educator, MARK SORESENSEN, STAR School is the first institution to be honoured as a Home for Humanity in the USA, for its courageous and outstanding contribution.*

ACTIVATING COMMUNITY FOR CULTURE, ECOLOGY AND JUSTICE: *The BELLVIEW GRANGE in Ashland, Oregon, initiated by widows of the Civil War, engages in community advocacy and activism on behalf of small family farmers, organic agriculture, sustainability and food sovereignty, and offers a community theatre for cultural and social events. The BELLVIEW GRANGE was honoured as a Home for Humanity on 5 May 2025.*

THE POWER OF ART FOR SOCIETAL RENEWAL: *The World Beat Cultural Center, in San Diego, founded by legendary MAKEDA CHEATOM, is the 2nd institution to be honoured as a Home for Humanity. Deeply grounded in African American culture, and First Nations and Indigenous Traditions, it works with music and art to promote cultural, social, economic and cultural renewal in San Diego, in the USA and beyond. It also hosts the first Unity Park in USA.*

SEEDING THE FUTURE AS A COMMUNITY - FOR WORLD UNITY: *A Unity Park was inaugurated in the Bellview Grange Community Garden. Participants planted heritage bean seeds with their wishes for the Unity of all cultures on Earth. The planting followed a lively public performance in the Bellview Grange Theatre of Our One Home Journey by the Co-Founders, that brought to life the wisdom of the 17 countries covered and the transformative individuals and communities encountered around the Earth.*

REGENERATING EARTH *Evolutionary Leaders Energizing the One Home Journey*

The One Home Journey has been further enlivened by the feedback, insights and encouragement of some of the finest luminaries in the USA who met with us. All of them work relentlessly for a society and world beyond borders and divisions. They are living testaments of wise and authentic leadership (and inspiring counters to today's divisive leadership, indeed!)

"MAKE THIS YOUR YEAR OF MIRACLES" – invites *MARCI SHIMOFF*, bestselling author (*Happy for No Reason* and others), who together with her husband, renowned psychologist *SERGIO BARONI*, hosted us in their home in Marin County, and gave their full support to Our One Home Journey.

"CREATE AUTHENTIC POWER BY ALIGNING PERSONALITY WITH SOUL" – says award-winning author *GARY ZUKAV*, whose books, *The Dancing Wu Li Masters* and *The Seat of the Soul* are legendary, whose wisdom of love infused our precious moments in his Oregon home.

"FIND FREEDOM AND FULFILLMENT IN A PURPOSE LARGER THAN YOURSELF" – teaches **LYNNE TWIST**, global visionary, co-founder of the Pachamama Alliance and founder of the Soul of Money Institute, who welcomed us in her home in San Francisco.

"ENERGY IS AT THE ROOT OF EVERYTHING. YOU CAN ACTUALIZE THIS RESERVOIR OF POWER!" - is the mantra of **DONNA EDEN** and **DAVID FEINSTEIN**, renowned experts in Energy Medicine – who energized the Earth sphere, the symbol of Our One Home Journey.

THE GIFT OF HOME The True Greatness of the USA

With the USA facing profound division and political crisis, Our One Home Journey was welcomed with one of the USA's greatest gifts – its culture of giving and its generosity. We are particularly grateful for the openhearted hospitality and support showered on us by Jean Houston and Peggy Rubin in both their homes in Oregon. We thank their circle of friends who embraced us and Our One Home Journey. We are grateful for the fine art of hospitality offered by Duane and Colleen Elgin, Marci Shimoff and Sergio Baroni. Hospitality and hosting by our local partners and wellwishers are vital pillars of our **GIFTING CULTURE** that makes Our One Home Journey possible. Every gift creates our shared future!
