

Celebrating the Inspirations, Innovations and Impacts of the first AFRICA SEASON of the ONE HOME JOURNEY

5th Earth Letter on the One Home Journey 24 December 2024

Dear Friends and Co-Creators on the One Home Journey,

As this year closes, with its unabated series of crises, breakdowns and broken promises betraying present and future generations, we bring you this heartening missive of the extraordinary future-builders and future-building initiatives that are restory-ing humanity and regenerating our Home Planet, across the 6 countries of the **One Home Journey's First Season in Africa!** From **Zimbabwe, South Africa, Lesotho, Tanzania, Uganda and Kenya**, we interacted with and championed grassroots communities, local initiatives and exemplary leaders, especially youth, women, refugees and Indigenous communities, who are transforming adversity into creative initiatives and enterprises, with self-less collective leadership, to forge a future of wellbeing for all.

We ourselves are astounded - and truly humbled - by the extraordinary **outcome and impact** of the First AFRICAN Season of the One Home Journey, in the cradle of humanity. In all, we interacted with, were inspired by and impacted **4120 people** directly this African season across all 6 countries, including 500 children 'dreaming the future', 620 'youth for the future', 200 'women for the earth', 500 co-initiators of Unity Parks, 500 members of Indigenous communities, and team and community members of 20 pathbreaking grassroots initiatives, enterprises and organisations, impacting 135,000 people, which were honoured with the Home for Humanity award. **5000+ people worldwide** engaged in the journey through the live Earth Family calls, Earth Letters, and social media interactions.

These outstanding future builders and wisdom carriers championed in the One Home Journey's first African season confirm beyond doubt the **exponential potential we hold as an interconnected Earth Family to reshape our shared future**, despite all odds. As local future builders are connected incrementally with their peers across countries and continents, in mutually supportive co-creation, as the One Home Journey proceeds to every country on Earth, we collectively amplify the transformation of our divided and endangered world and accelerate, all together, the emergence of a future of wellbeing for the family of life on Earth.

This **captivating short video and report** summarise the quantitative, qualitative and long-term impact of this First Season in Africa. (And we will be sharing more as we integrate our recorded material in the coming weeks!)

Most remarkable, this immeasurable impact was achieved with an absolutely minimal budget, thanks to our '**gifting culture**', and ecological and economic travel, moving from 'home to home' across borders. It was possible with the gifts of hospitality of our local partners and communities, hosting us in their homes, and sharing their traditional locally-sourced, home-cooked food with us, despite their limited means, as much as the boundless wealth of their wisdom and innovations. It was accomplished with the generous gifts of time and expertise of our volunteer core team, including

both of ourselves, working and traveling pro-bono. This gifting culture has ensured maximum impact and benefit at minimum cost.

As 2024 ends, we warmly invite you all to transform despair and despondency about the future into pro-active and joyful co-creation by **joining the One Home Journey, in whatever way suits you best**, to reshape our shared future together with these heartwarming African future-builders, and all those you will meet in the unfolding seasons, across Asia-Oceania, the Americas, Middle East and Europe. We invite you to spread the word to all your circles and fellow-future builders, connect us to them, and stay connected to us, as we co-travel around our Earth Home!

This holiday season, **we invite you sincerely to share your gifts** to support the courageous and creative work of these remarkable future builders in Africa, to nurture our gifting culture and to enable the One Home Journey to continue its low-cost, high-impact future-building expedition to every country on Earth. With your support and accompaniment, we can continue to champion and catalyse courageous and aspiring changemakers who dare to transcend adversity and innovate possibility despite all odds, for the benefit of all life on Earth. (Hear our wonderful Refugee youth leaders explaining to each other the **'traveling Gift Basket'**, and partake in our **'Co-Gifting culture'**).

We wish you all a joyful and peaceful Holiday season with all your loved ones, and look forward to co-journeying with you in the New Year!

Alexander & Rama and the Home for Humanity and One Home Journey Family

EARTH LETTER VIDEO - SEASON 1 - AFRICA

Harvesting the "Jewels" of the Opening Season

A video thumbnail for 'Earth Letter from Africa'. The background is blue. At the top left is the 'Home for Humanity' logo. In the center, it says 'ONE HOME JOURNEY 2024-2030: 7 Years for 7 Generations'. To the right, it says 'ONE HOME UNIVERSE CITY for inclusive and regenerative future building'. Below this, the main title 'EARTH LETTER from Africa' is written in large white letters. On the left, there is a photo of a man and a woman. In the center, there is a globe with the continent of Africa highlighted in green, yellow, and red. On the right, it says 'Culminating the first Africa Season of the One Home Journey' and '21 December 2024'.
